

Grippers | Parallel grippers

Series 126 – Parallel gripper compact

Series 126 – Parallel gripper compact

Product notes

- > Compact parallel gripper for small and medium-sized workpieces.
- > Double-acting for internal and external gripping as well as short cycle times, one compressed air connection each for opening and closing
- > Optional detection of the piston position
- > Self-centering gripper jaws with positioning repeatability
- > Two different finger lengths available for different space requirements
