Application examples

Dimensions

Scope of delivery

- > 1x FIPALIFTmax tube lifter in the selected version
- > 1x side channel blower in selected version
- > 1x filter suitable for the configuration
- > 1x hose between side channel blower and filter in suitable size
- > 1x set of connecting material for hose between side channel blower and filter (hose thread nipples and hose clamps)
- > 1x set of connecting material for hose between filter and hose lifter (hose thread nipples and hose clamps)

Note:

The vacuum hose diameter 50 mm with item number SH.ACC.ALL.0022 must be ordered separately in the required length.
